

INTERNATIONAL TRAINING PROGRAMMES AT ISIC INSTITUTE OF REHABILITATION SCIENCES

In this era of liberalisation and globalization, due importance must be given to the academic collaboration between Indian schools and their academic counterparts abroad. Such academic collaborations should particularly extend to areas like student and faculty training programmes. ISIC Institute of Rehabilitation Sciences has collaboration with University of Pittsburgh, USA and San Raffaele Hospital, Milan, Italy.

- 1) Two of our students Ms. Misha Ahir, Master of Physiotherapy (Musculoskeletal), First Year and Ms. Sangeeta Kardam, Master of Occupational Therapy (Neurology), First Year had been selected for a 10-week Internship Programme by the Department Of Rehabilitation Sciences and Technology, University of Pittsburgh.
- 2) We have student and faculty exchange programme with San Raffaele Hospital, Italy, every year we select few students for this programme. This year four of our students have been selected for advanced training in Physiotherapy Education from June 06, 2008 to July 06, 2008.

Students and faculty at San Raffaele Hospital

Trip to Venice

APPLAUDABLE PERFORMANCES
