More about the Fellowship –

- ⇔ This is a paid / sponsored (Smith & Nephew) full-time fellowship for 12 weeks.
- ⇔ ISIC team may facilitate the MCI registration process.
- ⇔ The Hospital will facilitate accommodation near the premises at reasonable rates.
- ⇔ 3 months fellowships are available for the current year starting from 01.02.2018.
- ⇔ The fellowship aims to help develop a systematic approach to dealing with trauma management in an urban setting
- ⇔ It is expected that the candidate will upgrade their pre-operative planning abilities, refine their motor skills and develop analytical skills in interpreting post-operative radiographs.
- ⇔ The candidate will be guided to conduct one retrospective study.
- ⇔ The fellow will be given an opportunity to work under the supervision of Trauma Unit Surgeons (5 days a week).
- ⇔ Documentation and research will be reserved for 6th day.
- ⇔ Maintenance of log book (this will be provided) is mandatory.
- ⇔ The fellow is expected to take three seminars on recent trends in trauma under guidance of a mentor.
- ⇔ A certificate, on completion of the fellowship will be issued.
