

# INDIAN SPINAL INJURIES CENTRE

PRESENTS

## OLIF: LIVE SURGERY COURSE

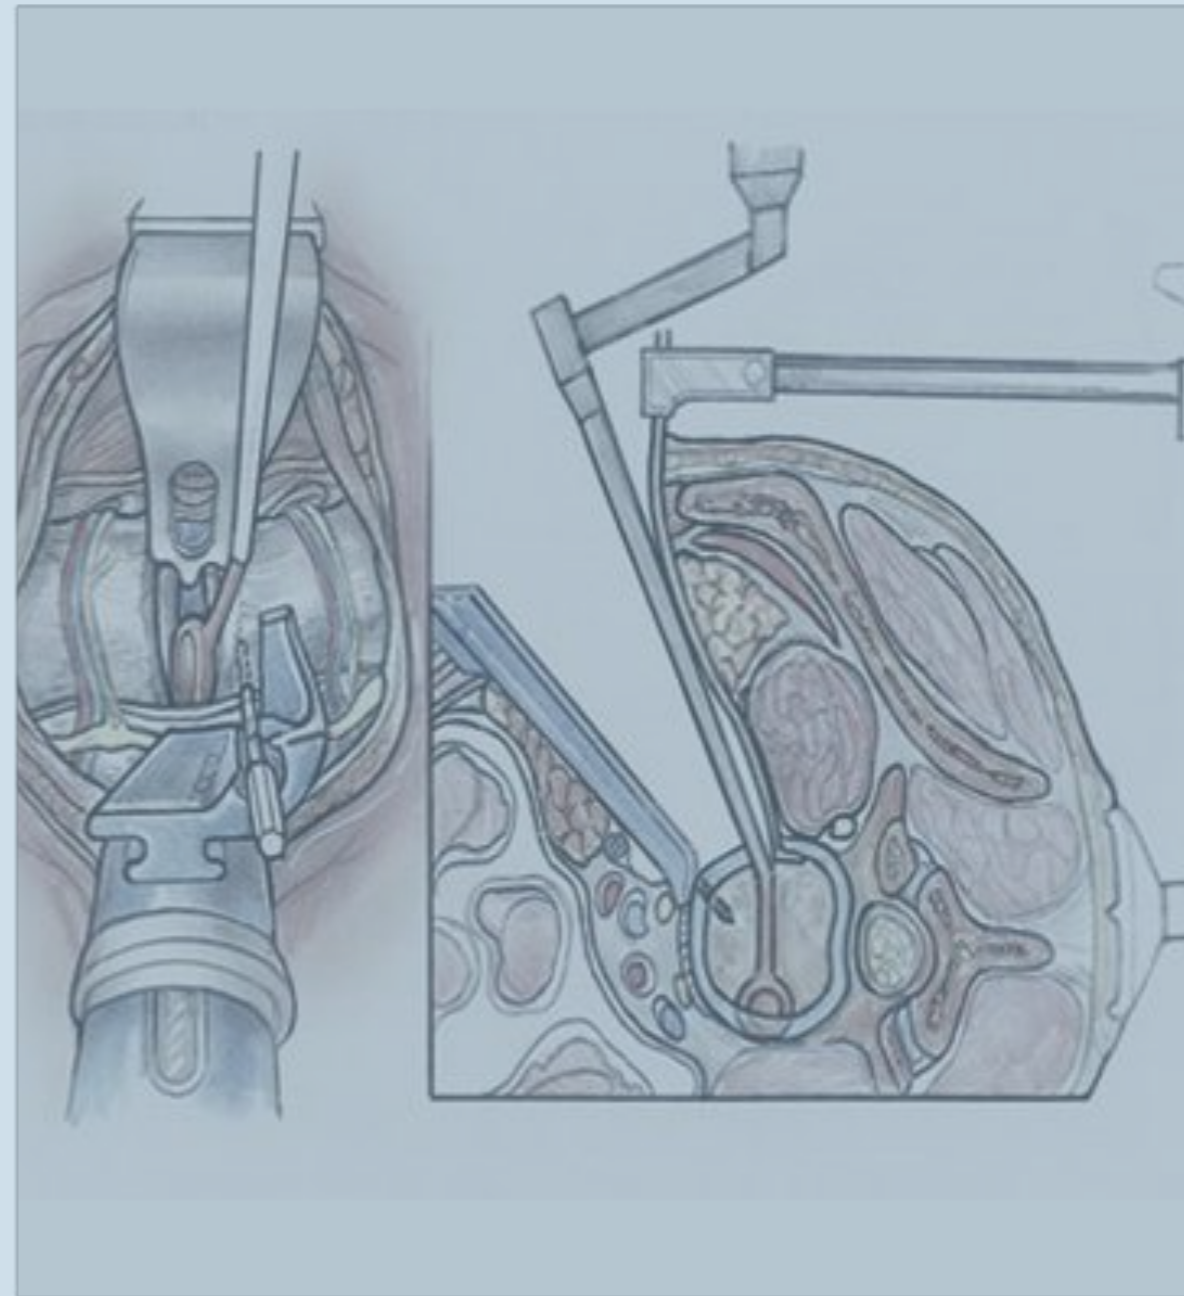

DATE: 14TH JANUARY 2019

ISIC CONFERENCE ROOM

Oblique Lateral Inter-body Fusion (OLIF) is a technique which is rapidly growing throughout the world for the promise it brings in patient care. It has stood the test of the time and has proved to be a very promising approach in management of degenerative spinal ailments. We present you an opportunity to learn this technique from the master himself as we have a live surgery course lined up for 14th January 2019. The invited faculty is Dr Umesh Metkar who is a practicing spine surgeon at Beth Israel Deaconess Medical Centre, Boston affiliated to Harvard Medical School.

**Dr Umesh Metkar**
